KINGSTONE - BORN FROM THE SOUL OF SLATE

Deep within nature's artistry lies the timeless charm of slate stone - a material that tells stories of strength, texture, and elegance. Inspired by this natural wonder, Mozart created Kingstone, a collection that captures the essence of slate's rugged beauty and transforms it into refined design.

Each surface, each color tone, and every subtle texture has been thoughtfully developed to mirror the raw yet graceful character of real slate. The result is a masterpiece that balances nature's imperfections with modern craftsmanship — making Kingstone a true reflection of elegance, durability, and authenticity.
